

WORK LOVE & WAR

IN UNIVERSITY LIFE THINGS CAN GET PRETTY REPETITIVE. YOU WAKE UP EAT YOU DO SOME WORK, YOU SLEEP. IT IS UP TO YOU TO MAKE YOUR WORK LIFE MORE INTERESTING, THATS WHERE LOVE AND WAR COME IN. ANNABEL ARHIN FROM THE NEW REALITY TV SHOW *WORK, LOVE AND WAR* WILL BE DISCUSSING SOME THING THAT WE WILL SEE HER GO THROUGH ON THE SHOW.

TELL US MORE ABOUT YOUR LIFE AS A UNIVERSITY STUDENT?

Well life in university has its challenges. What I found most challenging was having responsibility over every aspect of my life, whether that would be money, school work and my social life. This is hard because I was a child before this, my parents were making sure I had money, went to school and had something to eat but now it is all me. I had a lot of growing up to do in a short space of time. I had to get a part time job, I set my own money buget and I created a timetable. I new from here and out I had to act like a responsible adult.

HOW IS YOUR RELATIONSHIP WITH ANDRE?

Its good for now, I do not want to away to much because you have to for youself on the show, but me and

Andre go through our challenges like any other relationship. Also with all the univeristy work it adds a lot of stress to us. And we have cameras in our face everyday and knowing that the world is watching adds strain to our relationship. Its funny becuase when we are happy it is amazing he is the boyfriendd ever life does not get any better than that but when we are in 'war', thats exactly what it is a war zone. Both of us are stubborn neither one of us will not give up when we are trying to prove our point. All this you will see play out when you watch the show.

WHAT IS YOUR NEW REALITY SHOW ABOUT?

What it is about, is in the title. Work, you get to see the challenges we face when we are studying at univeristy. You

see how we work against the clock, you see how we conduct ourselves, you get to see the moments when we are at our lowest points and you get to see us at our most highest points. You get see us fail some assignments, how we deal with this and you also see what its like when we pass our assignments.

Love. Well thats obvious, your gonna see the clear love me and Andre feel for each other. You will see how we met, your gonna see how we started dating, you will see how we both help each other achieve our goals. you get to see the love twe have for the course we do, you will see the passion and dedication we put into it. And finally war. In the words of Pat benatar, Love is a battlefield. What she failed to tell you is just how bloody the battlefield will get. And when you have the whole world watching its like putting 20 on 10. Its

a war when you are studying its a war when you are trying to get your own way. Its just one big war. If you want to be in a committed relationship and go university be prepared for war because the winners are the soliders that come prepared.

DO YOU HAVE ANY ADVICE FOR PEOPLE THAT WANT TO STUDY AND BE IN A RELATIONSHIP?

Yes don't do it. I am joking but at the end of the day you are a grown adult now and you will do what you want to do. But at the same time understand it is university life and a lot of the students are there just to have a good time and your partner might have a hard time staying away from bad temptations just like my partner did and as you will see on the show. Just be very prepared for anything because all in unfair in Work, Love and War.
